PREFACE.

MASANIELLO.

As the present edition of this Opera extends to a greater length than was at first anticipated, attention may be drawn to a few of the features which distinguish it from all preceding editions that have appeared either in Italy or England.

1. The first Recitative of Alfonso, containing the key to the whole plot of the Opera, is now given for the first time.

2. Those bars, introducing Elvira's Aria, are now restored—as well as the Recitative following, which introduces the Ballet.

3. The antiphonal use of the Chorus in the first scene is now correctly marked, and the Ritornella at the end restored to its place.

4. The Recitative and Aria of Masaniello at the opening of the 4th Act, the Recitative preceding the Scena and Cavatina, and Elvira's Cavatina with the preceding Ritornella and Scena, are all given for the first time in Italian.

5. A great portion of the scenic music of Fenella, omitted in the last Finale, and the concluding Symphony, are now restored.

The music expressive of the dumb action *(mimica)* of Fenella is accompanied by explanations in full. These are given for the first time in Italian in their proper positions.

The Italian words of both Barcarollas are now arranged with due regard to the original language, and do not violate the rhythm of the composer.

The English adaptation, so successfully written by James Kenney some forty years ago, has been used, but owing to the great abridgements then made it has been found necessary to translate afresh nearly one-half of the Opera.

The publishers may therefore claim to offer for the first time, in English and Italian, a perfect copy of the first of those masterpieces which have immortalised the French School.

The incidents dramatically developed in M. Scribe's libretto of Masaniello are founded on an actual historical event which occurred at Naples in 1647, in which year a Neapolitan fisherman, Thomas Aniello, stirred up an insurrection against the Spanish rule and obtained a temporary victory, but was eventually murdered. The drama opens with the preparations for the impending nuptials of Alphonso, the Viceroy of Naples, with Elvira, a Spanish Princess. Alphonso confesses to a confidant that on what should be a joyful moment his mind is troubled at the thought of having wronged a girl in humble life, whose beauty had tempted him to win her affections under a disguise, and his remorse is rendered the more poignant as the girl should rather have enlisted his better feelings, being, through the effects of a shock on witnessing some scene of terror, afflicted with dumbness. The victim of his licence is no other than Fenella, the sister of Masaniello, the Neapolitan fisherman and patriot, who has been smuggled out of the way but escapes from her keepers, and while pursued comes across Elvira, who in the midst of her maids of honour is on the point of entering the chapel for her marriage. Fenella in dumb show tells her story and claims Elvira's protection, which she promises. The ceremony then proceeds and Fenella is enabled to obtain a glimpse, and discovers in the bridegroom her seducer. On the wedding *cortége* emerging

from the chapel, the dumb girl denounces Alphonso to his newly-wed bride as the author of her misfortunes, and the curtain descends on the first act amidst a scene of excitement and consternation. Meanwhile Masaniello impressed with the wrongs of his fellow-citizens has been maturing a plan of revolt, which suddenly ripens to an open outbreak when he hears from his sister the story of her ill-treatment. The rising ends in a fearful massacre of the Spaniards, from which Alphonso and Elvira contrive to escape, and eventually find their way to Masaniello's cottage at the close of the first day's strife, when he is lamenting the excesses to which the people have given way. He promises shelter and hospitality to the strangers, and when Fenella, who has been asleep in the background, wakes and recognises Alphonso, Masaniello, true to his word, refuses to give up his *protégé*, notwithstanding his deep injuries and despite the threats of the insurgents, who break in and demand his surrender. Masaniello, by the aid of a faithful adherent, conveys Alphonso and Elvira to a place of safety. This is no sooner done than he finds himself proclaimed King, and is presented with the keys of the city by the magistrates and principal citizens. After this event the Spaniards rally and overcome the insurgents headed by Masaniello, who had lost his reason, but temporarily recovers it to combat this new emergency. He generously saves Elvira's life in the midst of the fray, but is shot down by his followers for his noble act. Fenella is driven to despair by the loss of her brother, and after forgiving Alphonso and reconciling Elvira, throws herself into the boiling lava flowing from Vesuvius, an eruption of which had coincided with the tumult of the insurrection.

The Scene is laid in the environs of Portici.

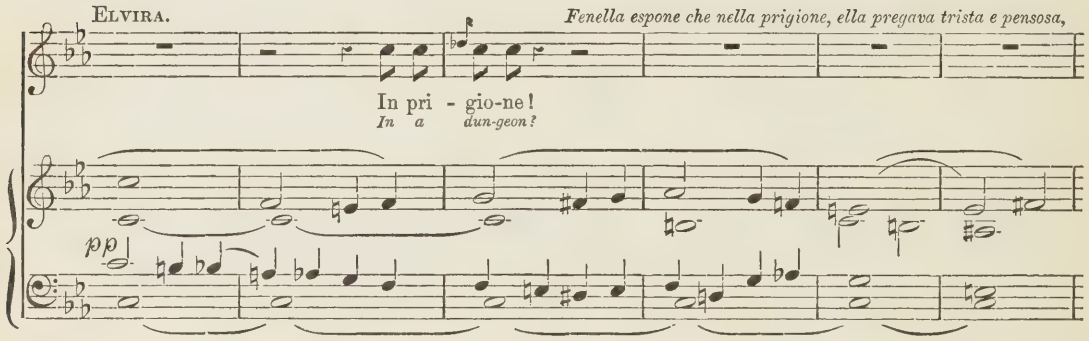
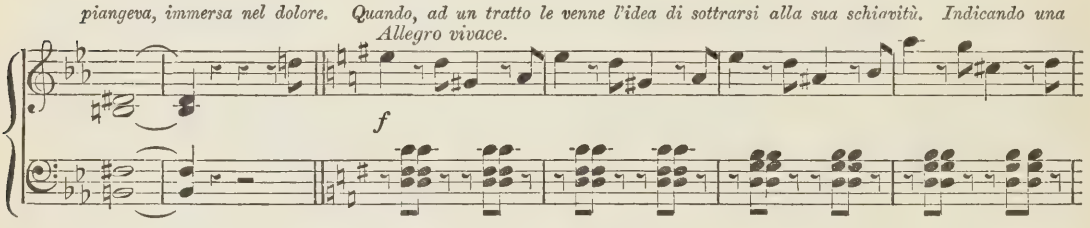
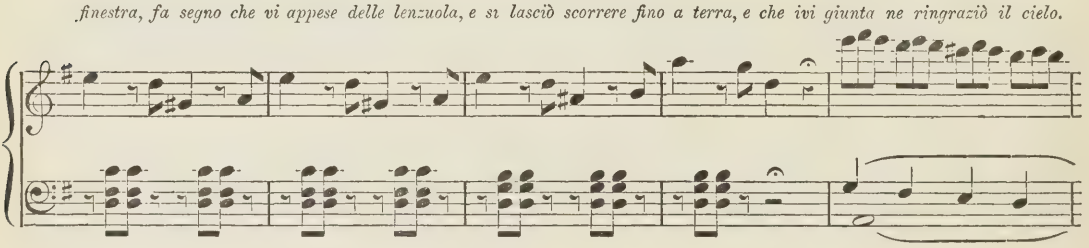
ELVIRA. *Fenella espone che nella prigione, ella pregava trista e pensosa,*


piangeva, immersa nel dolore. Quando, ad un tratto le venne l'idea di sottrarsi alla sua schiavitù. Indicando una


finestra, fa segno che vi appese delle lenzuola, e si lasciò scorrere fino a terra, e che ivi giunta ne ringraziò il cielo.


Ma poco dopo sentì la Sentinella dare tre volte il "chi va là," volgendo verso di lei il moschetto, allora ella fuggì

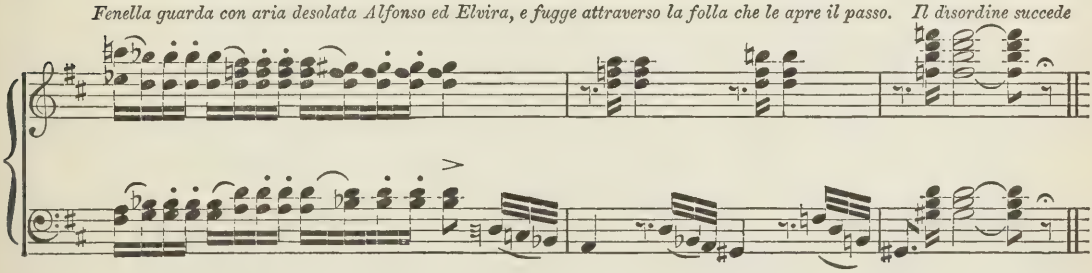
Fenella guarda con aria desolata Alfonso ed Elvira, e fugge attraverso la folla che le apre il passo. Il disordine succede


alla festa, tutto è tumulto e confusione.

Allegro vivace.

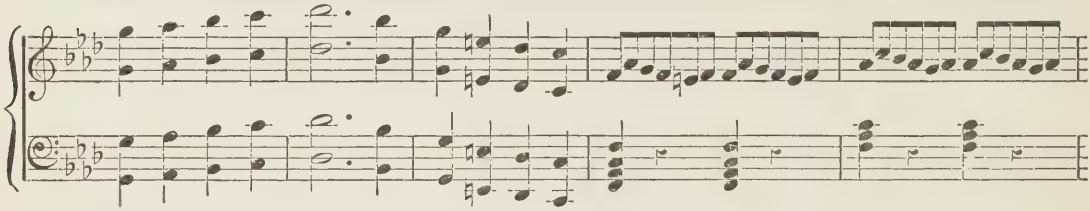
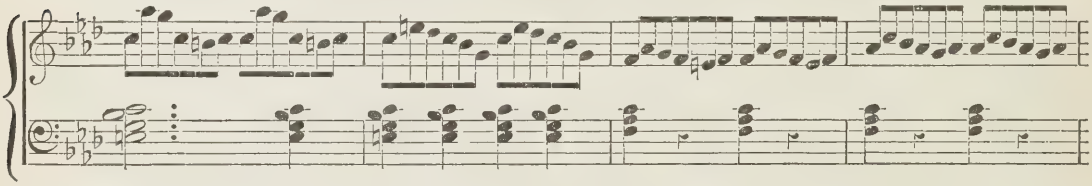
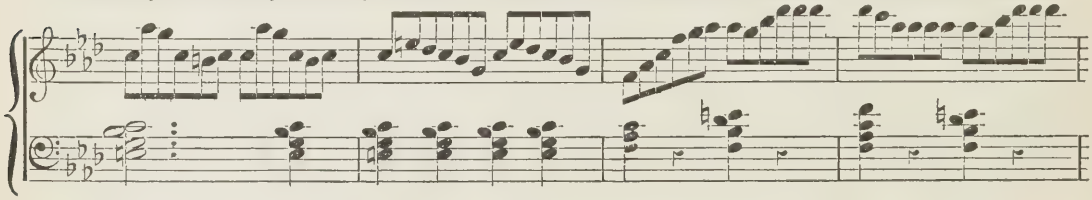
Fenella corre verso Masaniello non accorgendosi del disordine della sua mente, ella gli significa che; soldati del vicerè si


avanzano in ordine, con bandiere spiegate, e che i tamburi battono la carica, i lazzaroni si sono fuggiti innanzi ad essi, gli


uni hanno gettate le armi gli altri in ginocchio hanno implorato la vita, eccoli essi si avanzano, hanno giurato che nessun di


voi sarebbe sfuggito alla morte.
